Dear Ms Smith,

On behalf of everyone at the Foundation for Conductive Education, I would like to thank the trustees of the Echo Trust for their generous donation of £1,680 to fund Bambach Saddle Seats. Please accept this letter as your receipt.

We are truly grateful for this donation, as it will help us to continue our vital work transforming the lives of people with incurable movement disabilities. Charley's mum, Emma explains what a difference Conductive Education has made, and continues to make to their lives:-

*"she's a lot happier now. She stands up on her own and although she shakes with pride at being able to do it she's standing up for longer and longer now. She's starting to walk and she will say 'Bike, mummy' so that will be the next goal".*

We like to mention those who have supported us in our newsletter, Foundations. If you would prefer that we did not mention the Echo Trust's donation, please advise.

Thank you once again for this donation. I look forward to arranging a cheque presentation and sending you photos in the near future.

Kind regards.

Yours sincerely

Ellie Smith
